Company: Emeritus

Location: india

Category: other-general

Programme Leader in Artificial Intelligence with Emeritus/Eruditus (Freelance).About Emeritus/Eruditus:As part of the Eruditus group, Emeritus partners with top-tier universities across the United States, Europe, Latin America, India, and China to bring world-class business and professional education to a global audience. More than 300,000 students from over 200 countries have benefitted professionally from Emeritus' courses.Emeritus is hiring a Programme Leader in Artificial Intelligence in Collaboration with Indian School of Business (ISB), Executive Education.About ISB, Executive Education:ISB evolved from the need for a world-class business school in Asia. Ranked #1 in Research in India, ISB anticipated the leadership needs of the emerging economies. The rapidly changing tides of the business environment, especially in the context of emerging economies, require leaders today, and in the future, to be equipped with leading-edge levers to sail through them. ISB Executive Education designs programmes for professionals providing timely learning interventions that help them enhance their capabilities through specific skill sets and progress in their careers, while positively impacting the organisations they operate in. Through innovative programmes,outstanding faculty, and thought leadership, ISB Executive Education is committed to creating future-ready leaders.About the course: The ISB Leadership with AI programme empowers leaders to leverage AI for strategic decision-making, innovation, and confident leadership in the digital era, offering transformative skills and strategies for success in the rapidly changing landscape of AI and Gen AI.About Programme Leader: The Programme Leader is a subject matter expert and shapes the student experience, guiding students through their learning journey. Candidates must have industry experience,

demonstrated knowledge of the programme subject area, strong interpersonal skills, and previous experience in teaching, mentoring or any other instructional role. This is a remote part-time contractor position for 5 months/20 weeks. Responsibilities of the Programme Leader include but are not limited to:

**Facilitation of Interactive Live Webinars:-** Lead engaging and interactive live webinars via zoom aimed at stimulating student learning and fostering active participation.- Utilize various instructional techniques and multimedia resources to ensure effective delivery of course material.- Foster a collaborative and inclusive learning environment conducive to student engagement and knowledge retention.

**Assignment Feedback and Evaluation:-** Provide comprehensive and timely feedback on a predetermined number of student assignments within the Programme.- Evaluate student submissions with a keen eye for detail, offering constructive criticism and actionable insights to support continuous improvement.- Ensure alignment of feedback with program objectives and learning outcomes, facilitating student progress and academic success.

**Student Support and Engagement:-** Monitor student discussions and forums, actively engaging with participants to address queries, concerns, and facilitate meaningful dialogue.- Respond promptly to individual and group inquiries regarding program content, assignments, and related topics, demonstrating a commitment to student success and satisfaction.- Offer guidance and support to students, serving as a resource for academic and professional development throughout the duration of the Programme.

**Collaborative Problem Solving:-** Work closely with the Emeritus team to identify and address program-related challenges, leveraging collective expertise to implement effective solutions.- Participate in regular meetings and discussions to assess program performance, share insights, and strategize initiatives for program enhancement and optimization.

**Continuous Improvement Initiatives:-** Proactively identify opportunities for program improvement, suggesting modifications and enhancements to enhance the overall learning experience.- Collaborate with stakeholders to refine course content, instructional materials, and delivery methods, ensuring alignment with industry best practices and emerging trends.

**Minimum Qualifications:** Strong Leadership experience in the field of Artificial Intelligence and Generative AI. Technical expertise on Data Preparation for AI/ML, Predictive Analytics, Methodology, Neural networks, etc. Working knowledge in programming language like – Python and Tools like – Pytorch and SciKit-Learn. Basic knowledge in GenAI tools like Chat GPT 4.0, Bard, Dall.e-3, etc. And TensorFlow.

Experience in facilitating and teaching, preferably in an online environment.

**Generic Qualifications:** MBA or an equivalent degree from a university in a related field. Excellent

communication and interpersonal skills with an ability to listen effectively, respond appropriately, and maintain a mutual comfort level while working with a diverse population. Emeritus provides equal employment opportunities to all employees and applicants for employment and prohibits discrimination and harassment of any type without regard to race, colour, religion, age, sex, national origin, disability status, genetics, protected veteran status, sexual orientation, gender identity or expression, or any other characteristic protected by federal or state laws.
