### Roles and Responsibilities:

As an Assistant Lab Technician at Bullflex Rubbers Private Limited, you will play a pivotal role in our laboratory operations. Your responsibilities will include:

1. **Testing and Analysis:** Conducting various standardized tests on rubber compounds and materials, and conveyor belts to ensure quality and adherence to industry standards.
2. **Documentation:** Maintaining and generating accurate and detailed records of test results and procedures.
3. **Assistance in Research:** Supporting ongoing research and development initiatives in

collaboration with our experienced rubber technologists.

4. Lab Maintenance: Ensuring the cleanliness, organization, and proper functioning of the laboratory equipment.

5. Quality Assurance Collaborating with the team to contribute to the continuous improvement of product quality.

Requirements:

To excel in this role, you should possess:

1. Educational Background: A degree or diploma in Chemistry, Material Science, or a related field.

2. Attention to Detail: Meticulous attention to detail and a commitment to accuracy in testing and documentation.

3. Team Collaboration: Ability to work effectively in a team, supporting the overall objectives of the laboratory.

4. Adaptability: Willingness to learn and adapt to new testing methodologies and technologies.

5. Communication Skills: Good communication skills to convey test results and collaborate with the wider team.

Join Our Team:

Bullflex Rubbers Private Limited provides a dynamic and inclusive work environment that fosters personal and professional growth. As an Assistant Lab Technician, you will be a vital contributor to our chemistry domain, playing a key role in the company's success.

If you are an enthusiastic individual with a passion for chemistry and a desire to learn from

experienced rubber technologists, we welcome you to embark on an exciting journey with Bullflex Rubbers Private Limited. Apply now to be a part of our innovative team!
