Company: Incture

Location: india

Category: other-general

Company DescriptionIncture is a digital systems company based in Bengaluru. We are a community of passionate, purpose-led individuals dedicated to enhancing people's lives through technology. Our focus is on delivering digital solutions, including Cherrywork® Intelligent Digital Applications and services, at scale to address our customers' complex business challenges and opportunities. As one of the largest providers of Digital Applications and Technology Solutions on SAP Business Technology Platform, we are committed to leveraging technology to drive digital transformation.

Role DescriptionThis is a full-time on-site role for a BTP Solution Architect at our Mangaluru or Mysuru or Bengaluru office. As a BTP Solution Architect, you will be responsible for designing, implementing, and supporting end-to-end solutions on the SAP Business Technology Platform. You will collaborate with the consulting and development teams to understand the business requirements and translate them into technical solutions. Additionally, you will ensure the integration of various systems and optimize business processes for seamless operations.

QualificationsSolution Architecture and Consulting skills
Good understanding of SAP Business Technology Platform
Knowledge of SAP Cloud Platform, SAP UI5, and SAP Fiori is a plus
Strong background in Software Development and Integration
Experience in Business Process analysis and optimization
Excellent problem-solving and analytical skills
Ability to work effectively in a team and collaborate with stakeholders
Strong communication and presentation skills
Bachelor's or Master's degree in Computer Science or a related field
