Company: Cateina Technologies

Location: Mumbai

Category: computer-and-mathematical

Job Title : Tibco Spotfire Developer Experience Level : 7+ Years Position Open : 1 Job

Description : We are seeking a highly skilled and experienced Tibco Spotfire Developer to join our team. The ideal candidate should have a strong background in developing data visualization solutions using Tibco Spotfire. This position requires expertise in designing, developing, and implementing interactive dashboards, reports, and analytics solutions to meet business requirements. As a Tibco Spotfire Developer, you will play a key role in translating complex data into meaningful insights for decision-making purposes.

Responsibilities :

1. Collaborate with business stakeholders to understand data analysis requirements and translate them into technical specifications.
2. Design and develop interactive dashboards, reports, and analytics solutions using Tibco Spotfire.
3. Implement data visualization best practices to create compelling and user-friendly visualizations that convey actionable insights.
4. Work closely with data engineers and data scientists to integrate data sources and ensure data accuracy and consistency.
5. Optimize the performance and scalability of Tibco Spotfire solutions to handle large datasets and meet performance requirements.
6. Conduct testing and troubleshooting to ensure the accuracy and reliability of developed solutions.
7. Provide technical guidance and support to junior developers and end-users as needed.
8. Stay up-to-date with Tibco Spotfire platform updates, industry trends, and best practices.

Requirements :

1. Bachelor's degree in Computer Science, Engineering, Mathematics, or related field.
2. 7+ years of hands-on experience in developing data visualization solutions using Tibco Spotfire.
3. Strong proficiency in the Tibco Spotfire platform, including Spotfire Analyst, Spotfire Server, and

Spotfire Web Player.4. Expertise in data visualization best practices, including chart types, layouts, colors, and interactions.5. Proficiency in data manipulation, transformation, and modeling using Spotfire's data functions and expressions.6. Experience with integrating data from multiple sources, including databases, data warehouses, APIs, and flat files.7. Strong analytical and problem-solving skills, with the ability to understand complex data and translate it into actionable insights.8. Excellent communication and interpersonal skills, with the ability to effectively communicate technical concepts to non-technical stakeholders.9. Ability to work independently and collaboratively in a fast-paced environment.10. Tibco Spotfire certification(s) is a plus. This is an exciting opportunity for a seasoned Tibco Spotfire Developer to join a dynamic team and contribute to the success of data-driven decision-making initiatives. If you meet the above qualifications and are passionate about leveraging data visualization to drive business value, we encourage you to apply..Skills :- Enthusiastic, Creative and flexible- Organized, with an ability to prioritize time-sensitive assignments- Capable of working both independently and in a team environment- Professional with a work ethic- Strong communication skills both written and verbal - Any DegreeWho can apply : Candidates who :- Have the relevant skills and interests- Willing to relocate to Mumbai (ref:hirist.tech)
