

Consulting - BO: Operations Transformation - Enterprise Solution Architect - Consultant

[Apply Now](#)

Company: Deloitte

Location: India

Category: computer-and-mathematical

What impact will you make?

Every day, your work will make an impact that matters, while you thrive in a dynamic culture of inclusion, collaboration, and high performance. As one of the leading professional services organisations, Deloitte is where you will find numerous opportunities to succeed and realise your full potential.

The team

Deloitte's Operations Transformation services are your entry point on the Operation Transformation journey, setting the goals, pace, and direction to fit your business objectives. Services include readiness, strategy, business case development, architecture and planning, governance and policy, and operating model transformation.

Scope of work

As a practitioner, in our Consulting practice, you will have the opportunity to build and nurture positive working relationships with teams and clients with the goal of exceeding client expectations. Here is an overview of your responsibilities:

Understand existing processes and facilitate change requirements as part of a structured change control process

Experience of architecture, design, and implementation of complex, highly available and highly scalable solutions

Experience in a broad set of technologies related to IT infrastructure and cloud to drive the

adoption of Cloud in enabling the transition from traditional platforms to cloud-ready architectures.

Solve day-to-day issues arising while running robotics processes and provide timely resolutions

Roles and Qualifications

Qualification: B. Tech (or B.E.) in Computer Science / Electronics / Information Technology;
Plus M.E. or M. Tech or MBA.

Certification in Network/ SDWAN Management.

Desirable experience: 8 Yrs. experience in IT Networking Infrastructure/SDWAN / Connectivity or Communication Technology.

Your role as a leader

At Deloitte India, we believe in the importance of leadership at all levels. We expect our people to embrace and live our purpose by challenging themselves to identify issues that are most important for our clients, our people, and for society, and make an impact that matters.

In addition to living our purpose, managers across our organisation:

Develop self by actively seeking opportunities for growth, share knowledge and experiences with others, and act as a strong brand ambassadors

Understand objectives for clients and Deloitte, align own work to objectives and set personal priorities

Seek opportunities to challenge self

Collaborate with others across businesses and borders to deliver and take accountability for own and team results

Identify and embrace our purpose and values and put these into practice in their professional life

Build relationships and communicate effectively in order to positively influence peers and

other stakeholders

Professional growth

At Deloitte, our professional development plan focuses on helping people at every level of their career to identify and use their strengths to do their best work every day. From entry-level employees to senior leaders, we believe there's always room to learn. From on-the-job learning experiences to formal development programs at Deloitte University, our professionals have a variety of opportunities to continue to grow throughout their career.

Benefits

At Deloitte, we know that great people make a great organisation. We value our people and offer employees a broad range of benefits.

Our purpose

Deloitte is led by a purpose: To make an impact that matters.

Every day, Deloitte people are making a real impact in the places they live and work. We pride ourselves on doing not only what is good for clients, but also what is good for our people and the communities in which we live and work—always striving to be an organisation that is held up as a role model of quality, integrity, and positive change.
