

## Design Engineer - Highway

[Apply Now](#)

Company: Assystem

Location: navi mumbai

Category: other-general

Assystem Stup is a full-service design, engineering and project delivery consultancy created following Assystem's acquisition of Stup Consultants Pvt Ltd in July 2021. Assystem Stup combines Assystem's internationally recognized expertise in low-carbon technologies and complex project management with Stup's extensive experience. Stup has 5 decades expertise in the urban and territorial infrastructures, civil engineering, complex buildings, transportation infrastructures as well as its strong footprint and reputation in India. Founded in 1963 by two disciples of the renowned French engineer Eugène Freyssinet, Yves Guyon and C.R. Alimchandani, the father of Stup's last chairman, Stup became one of India's leading providers of infrastructure engineering services.

Assystem is an international company of more than 7000 experts spread across 10 countries and with more than 55 years' experiencing of supporting the world's most challenging energy and complex infrastructure projects.

Assystem is playing a leading role in the fight against climate change, helping governments and clients meet their energy transition aspirations. In Europe, Asia and the Middle East, our experts are working on new nuclear power stations, harnessing the power of hydrogen, wind and solar, and helping developing economies to upgrade and optimize their existing grid infrastructures.

Assystem also helps its clients meet their operational performance challenges through its

'engineering powered by digital' philosophy, merging the strength of engineering and the power of data's, to improve project traceability, reduce projects costs and delivery time as well as optimizing infrastructure performance.
