Job Title: Graphic & Museum Designer **Job Description:** We are seeking a skilled Graphic & Museum Designer to join our team. As a Graphic & Museum Designer, you will be responsible for creating engaging and informative designs for museums and graphics that enhance the visitor experience and convey information effectively. **Responsibilities:** Design museum exhibits, displays, signage, and interpretive materials to communicate complex ideas and information in a visually compelling manner. Develop graphic materials such as brochures, maps, posters, and digital media assets to promote museum exhibits and events. Collaborate with curators, historians, and content experts to translate concepts and narratives into visually appealing designs. Conduct research on historical and cultural themes to inform design concepts and ensure accuracy and authenticity. Create 2D and 3D renderings, layouts, and mock-ups to visualize design concepts and facilitate stakeholder feedback. Utilize graphic design software and tools to create high-quality, print-ready materials and digital assets. Coordinate with printers, fabricators, and other vendors to produce and install exhibit components and graphics. Ensure consistency in branding and design standards across all museum exhibits and promotional materials. Stay updated on emerging design trends, technologies, and best practices in museum exhibit design and graphic design. Collaborate with cross-functional teams and contribute to the overall success of museum projects through creative design solutions. **Qualifications:** Master's Degree in Architecture or equivalent. M.Phil/Ph.D/Post-Doctoral in the same field is preferable. Minimum of 15 years relevant experience in designing museums and graphics. Proficiency in graphic design software such as Adobe Creative Suite (Photoshop, Illustrator, InDesign). Strong conceptualization

and visualization skills. Excellent attention to detail and ability to translate complex concepts into visually appealing designs. Effective communication and collaboration skills. Creative problem-solving abilities and willingness to experiment with new ideas and techniques.
