

## Interior Architect

[Apply Now](#)

Company: Studio Nisa Punjabi

Location: india

Category: other-general

**Company Description**We are a full stack interior architecture and design firm with experience spread across North America, the Middle East, Africa and South Asia. Our ethos blends luxury with grounded ergonomics in styles as varied as classical & contemporary, brutalist and whimsical, art deco and tribal. We strive to integrate the outdoors with the indoors for seamless and serendipitous experiences. We handle projects from concept up to execution, with detailed visuals at every step, including selection and sourcing of lighting, furniture, furnishings and art curation. We delight to dive deep into the client's desire, whilst bringing our own commitment, professionalism and creativity to every project.

**Role Description**This is a full-time on-site role for an Interior Architect located in Mumbai. As an Interior Architect, you will be responsible for designing and managing interior projects from start to finish, including concept development, space planning, material and finish selection, furniture specification, and construction documentation. You will work closely with clients, contractors, and vendors to ensure that projects are completed on time, on budget, and with the highest level of design excellence.

**Qualifications**Bachelor's degree or higher in Interior Design, Architecture, or related field  
Minimum 3 years of experience in interior architecture or interior design  
Strong portfolio demonstrating experience in commercial, residential and hospitality interiors  
Excellent knowledge of AutoCAD, SketchUp, Enscape and Adobe Creative Suite  
Strong knowledge of materials, products, and finishes  
Ability to manage multiple projects simultaneously with excellent attention to detail  
Fluent in English with excellent written and verbal communication skills  
Ability to work independently and collaborate effectively with cross-functional teams  
Experience with project management tools and software

is a plusExperience working in a fast-paced, deadline-driven environment
