Company: Marquee Equity

Location: India

Category: other-general

ABOUT US

Marquee Equity, established in 2016, provides end-to-end fundraising solutions. It is the world's most efficient and effective fund-raising service, with thousands of transactions as part of its track record. Marquee offers bespoke solutions to your fundraising needs. Marquee is a deal origination and distribution service provider enabling access to more than 32,000 investors through our managed outreach services. Marquee SaaS managed services help its users with structuring fundraising rounds, and valuations, and setting up investor collateral like pitch decks, financial models, projections, business plans, teasers, etc. Along with this, Marquee helps entrepreneurs access a global network of investors - from Angels, HNIs, and Family offices to Venture capital, Private Equity, Hedge funds, Funds of funds, Banks, LPs, et al. Marquee is sector, stage & geography agnostic - meaning anyone and everyone looking to raise capital can be Marquee's client. Finding the right investment partner takes a funnel of interested investors. We build your funnel. Marquee aims to make the process of investor access a cost and time effective one.

Marquee's time and cost-effective solution helps the founders & entrepreneurs focus on their core business, while the Marquee team builds you a pipeline of investors for clients' raise, at a cost that is a fraction of what would otherwise be spent on retaining an investment banker or a full-time fundraising team.
