

## Maintenance Operations Manager

[Apply Now](#)

Company: Sinewave

Location: India

Category: other-general

### Job Description

#### About us

Sinewave was founded in 2015 with a clear mission from the very start - everything that we do will always be a power for good. Since then, we have gone from a living room start up to a leading force within the energy transformation sector. Not bad, eh!

We are on a mission to help power the future more sustainably. But don't just take our word for it we are the only B-Corp Certified ICP in the world.

#### The Role

We are looking for **experienced Maintenance Manager** with **energy industry** knowledge who delivers high quality through efficient ways of working. This role is key to our success and delivering on our promises as a **power for good** and achieving our mission - **Powering sustainable futures**. You will be leading our maintenance team, which is growing. Supporting the ongoing operational delivery of HV and LV inspection and maintenance programmes across the UK. With over 2000 sites under contract ranging from 400V right up to 132kV primary substations no day is the same. Our contracts range from IDNO networks, large scale renewable sites to luxury London retailers. You'll be responsible for ensuring all electricity networks are maintained in a safe and professional manner and to a high standard in line with Sinewave safe working practises.

## **An idea of what you'll be doing:**

You'll be leading the maintenance teams effectively, undertaking all managerial tasks and supporting colleagues through effective people management and mentoring.

You'll be ensuring effective scheduling of resources for maintenance activities in line with contract scope.

You'll be managing contractor invoicing in line with the contracted payment schedule.

You'll oversee maintenance inspections as required, ensuring accurate creation of reports for clients, plus carrying out regular audits.

You'll build and maintain relationships through management and reviews of delivery and client communication procedures.

You'll oversee the quality, performance and delivery for all maintenance activities, ensuring high quality of work is carried out and tracked appropriately.

You'll manage the provision of maintenance reporting in line with SLAs to customers and internal teams as required.

You'll liaise with wider operational and commercial teams on project opportunities resulting from maintenance works.

You'll provide quotations for work as scoped by clients.

You'll support SHEQ activities, proactively undertaking audits to ensure compliance of

standards and addressing inefficiencies suitably to implement change for improvements.

## **Requirements**

When you join you will go through our top-notch induction and onboarding process and have opportunities to develop further through our in house training academy.

### **You'll have a proven track record of:**

Experience of managing client stakeholder communications successfully

Experience of working on relevant maintenance and inspection

Experience of leading a team providing maintenance and inspection programmes

Good commercial awareness

Able to remain calm and work well under pressure whilst driving positivity and Company values through leading and managing the team effectively.

### **You'll already have experience & qualifications in:**

HV & LV across switchgear, transformers, circuit breakers, ACBs across DNO and private voltages up to 11KV.

33-132KV experience desirable.

Strong understanding of CDM regulations

CSCS (affiliated).

The use of Productivity and Collaboration Software such as Microsoft Office, Microsoft

Teams, SharePoint etc. across multiple platforms such as smart phones, tablets, laptops etc.

Full UK driving license (Maximum of 3 points).

## Benefits

In return for everything you can bring, we can offer you an exciting place to work with a welcoming and friendly workforce. We are a fast-growing, dynamic business and even as our team grows in number, maintaining our company culture is important to us. We want to keep the feeling of being part of a small business alive, no matter how big we get.

Whether you're based in the HQ in Swindon, field based, or working from home we have a lot to offer:

**The usual stuff** - along with a competitive salary, life assurance, we provide enhanced pension contributions matching 5% as standard.

**25days + Bank Holidays as standard** ensuring you have time to spend with family and friends

**Private Medical** - We hope you'll never need it, but just in case. We offer a fully comprehensive medical scheme that can extend to your family as well.

**Sinewave Academy** Our academy is dedicated to providing you with all the tools and training needed to power your career.

**SinewaveWorx** - Our bespoke perks platform getting you discounts and cash back at loads of high street retailers.

Our perks list is as long as our arm, want to know more please check out

## Join us

If you think this is the right role for you and you want to be a part of #TeamSinewave, we'd love to hear from you. Please apply with a copy of your CV and brief covering letter explaining why this is the role for you.
