

Mobiloitte - React.js Developer - Web Applications

Apply Now

Company: Mobiloitte

Location: India

Category: computer-and-mathematical

Job Title: React JS Developer
Experience: 1+ Years
Location: New Delhi
Qualifications: Bachelor's degree in Computer Science, Engineering, or related field
Job Description:
We are looking for a talented and experienced Mid-Level React JS Developer to join our team. The ideal candidate will have 1+ years of experience in React JS development and a strong passion for building responsive web applications. As a Mid-Level React JS Developer, you will be responsible for designing and implementing user interface components, ensuring the quality and performance of applications, and collaborating with cross-functional teams to deliver high-quality software. Design and implement user interface components for web applications using React JS.
- Develop responsive web applications that are optimized for maximum performance across a range of devices and browsers.
- Collaborate with back-end developers and designers to improve usability and accessibility.
- Write clean, maintainable, and efficient code.
- Ensure the quality and performance of applications through testing and code reviews.
- Troubleshoot and debug issues that arise during development or in production.
- Stay updated with the latest trends and best practices in front-end development.
Bachelor's degree in Computer Science, Engineering, or related field.
- 1-5 years of experience in front-end development using React JS.
- Strong proficiency in JavaScript, including DOM manipulation and the JavaScript object model.
- Experience with popular React JS workflows (such as Flux or Redux).
- Familiarity with RESTful APIs and modern authorization mechanisms.
- Knowledge

of modern front-end build pipelines and tools.

- Experience with common front-end development tools such as Babel, Webpack, NPM, etc.

- Excellent problem-solving and analytical skills.

- Ability to work independently and in a team environment.

- Good communication skills and the ability to collaborate effectively with cross-functional teams.</p></div>
