

Natural Adabas Developer

[Apply Now](#)

Company: Infotel UK

Location: Chennai

Category: computer-and-mathematical

Infotel UK Consulting (part of Infotel Group) is seeking a highly motivated Natural Adabas Developer to join our growing team. This is an exciting opportunity to work on innovative projects with multinationals across various industries. As a Natural Adabas Developer with Infotel UK, you will have the opportunity to develop your skills and work alongside a team of passionate IT professionals. Infotel UK Consulting are committed to providing its employees with a challenging environment to further their development and analytical skills.

Responsibilities

- Develop and maintain software using Natural Adabas programming language;
- Create and maintain technical design documentation;
- Collaborate with other developers and analysts to enhance existing systems and provide new solutions;
- Analyze and identify solutions for software defects and customer issues;
- Develop test scripts to support functional and regression testing;
- Participate in code reviews and assessments to ensure coding standards are met;
- Maintain a thorough understanding of Natural Adabas and keep up-to-date with industry trends.

Requirements

- 3+ years of experience in Natural Adabas development;
- Bachelor's degree in Computer Science or a related field;
- Strong knowledge of database concepts and technologies;
- Experience with development methodologies such as Agile and Waterfall;
- Strong communication and collaboration skills;
- Ability to document technical designs and write technical user documentation;
- Knowledge of related technologies such as Batch Processing and TSO/ISPF.

Benefits

- Family Leave (Maternity, Paternity)
- Training & Development
- Life Insurance (Basic, Voluntary & AD&D)
- Paid Time Off (Vacation, Sick & Public Holidays)

The Work Environment is stimulating, creative, open, informal and it is based on teamwork, mutual trust and fairness for all. The open work environment gives each

employee to be expert in the desired area and great learning opportunities to grow with the organization. Our unique culture supports open dialogue, candid feedback, and enduring relationships. We treat each other with dignity and respect, as human beings first, professionals second.
