

NeoDove Technologies - Business Analyst - Excel/SQL

[Apply Now](#)

Company: NeoDove Technologies Pvt. Ltd.

Location: Bangalore

Category: computer-and-mathematical

About the Role: We're seeking a full-time business analyst to join our team and contribute to transforming data into actionable insights that shape our business strategies.

- Possessing strong analytical and problem-solving skills, along with a genuine enthusiasm for data, is essential.
- Your responsibilities will include conducting in-depth analysis to inform strategic business decisions, creating insightful reports and interactive dashboards, and enhancing our data infrastructure.
- Proficiency in advanced Excel, and SQL is required for this role.
- This position offers an excellent opportunity to immerse yourself in the realms of business analysis and business intelligence within a dynamic and collaborative environment.

Key Responsibilities:-

- Understand what the business wants and make plans to analyze data to help them.
- Gather, organize, and clean data from different places using tools like SQL, Excel, and Python.
- Look through data to find trends, patterns, and connections.
- Create visual representations, such as charts and graphs, to effectively communicate complex data to non-technical stakeholders.
- Create dashboards to keep track of important things.
- Check to make sure the data is good and fix any problems with it.
- Write down how to do certain tech jobs and work with other tech people to get them done.
- Help out with any special data requests from the business.
- Keep learning about the best ways to work with data.
- Join meetings with your team and help make rules for how to do things.
- Keep private information safe and follow rules about it.

Skills: -

- Bachelor's degree in computer science, mathematics, or a related field.
- Good at Advanced Excel, Google Sheets and SQL.
- Preferably with proficiency in data visualisation tools such as Tableau, Power BI, or equivalent.
- Strong skills in analysis, problem-solving, attention to detail, and accuracy.
- Excellent communication and

presentation abilities.- Proven experience as a Business Analyst or similar role, preferably in the SaaS industry or technology sector.- Experience with CRM systems, marketing automation tools, or other relevant software is a plus. (ref:hirist.tech)
