

## Physical Design Engineer - Circuit Design

Apply Now

Company: Vintronics Consulting

Location: Bengaluru

Category: architecture-and-engineering

Physical Design : 5 to 12 Years  
Location - Bangalore, Hyderabad, Ahmedabad, Noida  
Roles :  
- In Depth experience in Physical Design Implementation & Signoff at block level at 16/7nm technology nodes.  
- Good exposure in Floor planning, CTS, STA, Physical Verification, Basic understanding of timing constraints.  
- Good exposure to ICC2/Innovus/Calibre/Formality/LEC tool set.  
- Well versed in automation skills using shell/tcl/perl/python.  
- Designing layouts for processors and controller architectures.  
- Reviewing product requirements and logic diagrams.  
- Developing prototypes, testing circuit designs, and optimizing output.  
- Enabling easy routing, as well as reducing delays and resolving glitches.  
- Developing codes, as well as maintaining layout automation features and macros in layout entry tools.  
- Evaluating semiconductor devices and components, as well as performing modifications.  
- Documenting physical design processes, such as circuit layouts and device specifications.  
- Keeping informed of developments and innovation in physical design engineering.
