Note: Please visit [www.dreamwave.ai/ai-headshots](http://www.dreamwave.ai/ai-headshots) and describe what you find interesting about working on our product in your message to us.

**Company Description** Dreamwave is an AI research lab that uses AI-powered creative tools to augment human creativity. Our mission is to revolutionize the way creativity is approached and executed.

**Role Description** This is a full-time remote role for a Program Manager. The Program Manager will be responsible for managing multiple projects and overseeing the project teams, as well as building and maintaining relationships with clients and stakeholders. The Program Manager will also be responsible for budgeting, scheduling, and assessing project risks, and ensuring project deadlines and quality standards are met.

**Qualifications** Project and program management skills  
Strong verbal and written communication skills  
Ability to work independently and remotely  
Familiarity with project management software/tools  
Leadership and team management skills  
Experience in the technology industry is a plus  
Bachelor's degree in Computer Science, Engineering, Business or related field  
The ideal candidate should also have strong analytical and problem-solving skills, strong organizational skills, and be able to manage multiple projects in a fast-paced environment. Additionally, experience with AI and machine learning technologies would be a plus.
