Sr. Operations Research Scientist

Apply Now

Company: ORMAE

Location: bangalore

Category: other-general

Job description

ORMAE is looking for Operations Research Scientist / Sr. Operations Research Scientist

Who we are:

- ORAME is a successful Tech start-up founded and headed by Guinness World Record Holder Dr. Amit Garg an IIT Delhi Graduate who has won medals for India in Global Math Championships. ORMAE has 30+ Global Clients including 12+ $1B+ Clients.

- ORMAE has helped them on 50+ Optimization & Data Science Projects across the globe including USA, Germany, UAE, Saudi Arabia, Japan & India. Ormae is backed by 3 Angel Investors from UAE ORMAE is one of the very few Operations Research & Data Science consulting company, mainly focus in converting groundbreaking digital business transformation ideas into innovative Optimization and Data Science solutions.

- Our services are extended to multiple areas like Supply Chain, logistics, health care, telecom, retail and many more

Requirement:

- ORMAE is looking for an experienced Operations Research Scientist/ Sr. Operations Research Scientist with sound analytics background to deliver solutions for complex problems of our clients.

- You will have an opportunity for international travel in this client facing role to boost your career. One should have 2 plus years of working experience in designing and implementing complex/large scale optimization solutions.
- The scientist should have exposure to Operations Research algorithm design and implementation. Advanced analytics experience is preferred.
- Should have a strong interest and ability to solve mathematical modeling including column generation, cutting plane & LP tools like Cplex, Gurobi, GAMS, AMPL is expected.

Skills :

- Ability to understand the business problem and convert it as a mathematical problem is preferred. Exposure to Optimization & statistical software like Cplex, Gurobi, Google OR tool, Arena, SAS, SPSS is preferred.
- Should have a scientific mindset and interest in Operation Research algorithms like routing optimization, mathematical modeling, meta-heuristics, heuristics, forecasting, simulation model, inventory optimization, supply chain management.
-Effective Client Management skills.

Additional skills:

- Programming experience in Python/Java/C#/ C++/R of the optimization algorithm is preferred.

Education :

Graduation or Masters in Operations Research, Computer Science (with operations research experience), Industrial Engineering, Statistics, Business Analytics, or a similar field from any premium institute.

Perks :

- Working with a young enthusiast team.Travel (mostly international).
- A unique experience: Working on analytics to solve real-time problems.

- Working with reputed mathematician Dr. Amit Garg (Guinness World Record Holder)

Flexible working hours, with a high potential OR Team.

What Is in it For Me ; Candidate Benefits :

- Meritocracy based Career Progression

- Global Exposure

- Livewire Environment

- Great Technical cross training & mentorship

- Onsite Opportunities

- Happening start up - in the garden city of Bengaluru

- ESOPS options
