Company Description

Dreamwave AI is an AI research lab that specializes in augmenting human creativity with next-gen creative tools powered by AI. We strive to push the boundaries of technology and innovation to deliver cutting-edge solutions that revolutionize the creative process.

Role Description

This is a full-time remote role for a Virtual Assistant at Dreamwave AI. As a Virtual Assistant, you will be responsible for assisting with various administrative tasks, organizing schedules, conducting research, preparing reports, and providing general support to the team. This role requires excellent organizational and communication skills, as well as the ability to work independently and remotely.

Qualifications

- Excellent organizational and time management skills
- Strong written and verbal communication skills
- Ability to handle multiple tasks and prioritize effectively
- Attention to detail and accuracy
- Experience with data entry and file management

Familiarity with online collaboration tools

Ability to work independently and remotely

Experience in the tech or AI industry is a plus

Bachelor's degree in a relevant field is preferred
