

Visual Designer

[Apply Now](#)

Company: 72 Dragons

Location: India

Category: other-general

Studio 72 is a young inter-disciplinary studio that is founded on design principles that we apply in real world projects. We work with brands and organizations to better help them communicate and reach their audiences. We see design as a way to create meaningful collaborations with different communities. Through our projects we want to support diverse and intersectional voices. Our projects are not restricted to creating design products, instead engaging with research and ideas.

1. We are looking **Visual Designer** to join our team full time. The candidate must have a strong design sense and background and must display excellent professional skills. The Visual Designer will be responsible for crafting a unified and consistent look and feel for Studio 72 across all platforms.

Job Responsibilities include, but not limited to:

- Establish the look and feel for various interfaces, including websites, mobile devices, apps, kiosks, games and wearables

- Work within brand guidelines to create layouts that reinforce a brand's style or voice through its visual touchpoints

- Design user-centered interaction models, wireframes or screen mockups

- Design logos, icons and infographics

- Closely collaborate with IT and business teams to solve complex issues, like interaction

models and data visualization

Create and organize production assets

Juggle multiple projects while effectively managing timelines and expectations
