Job Description

****Introduction: Zoho One Developer at Estrella Jewels LLP****

At Estrella Jewels LLP, a premier name in the luxury jewelry sector, we blend the timeless beauty of fine jewels with cutting-edge technology to provide our clients with an unparalleled experience. Our dedication to innovation and excellence has set us apart in the industry, and our team is at the heart of our success. As we continue to grow and evolve, we are excited to announce an opportunity for a talented Zoho One Developer to join our esteemed organization.

In this pivotal role, you will spearhead the development, customization, and seamless integration of Zoho applications tailored to the unique needs of Estrella Jewels LLP. Collaborating closely with both our IT department and various business units, you will harness your expertise to understand complex requirements and translate them into efficient, scalable solutions. Your work will directly contribute to enhancing our operational efficiency, improving our customer engagement strategies, and achieving our long-term strategic objectives.

****Your Responsibilities:****

****Solution Development and Customization:****You will take the lead in developing and

customizing Zoho applications to meet the dynamic needs of Estrella Jewels LLP. This involves crafting bespoke solutions that streamline operations, enhance customer interactions, and drive sales.

****Comprehensive Application Management:**** Your expertise will extend across the Zoho suite, including but not limited to CRM, Books, Inventory, and Desk. You'll ensure these applications work in harmony to support our business ecosystem, optimizing performance and user experience.

****Workflow Optimization:**** You will design and implement sophisticated workflows, reports, and dashboards. These tools will be crucial in providing actionable insights, facilitating data-driven decisions, and supporting the seamless operation of our business processes.

****System Integration:**** A key part of your role will involve integrating Zoho applications with external systems via APIs, enhancing data flow and functionality across our technology stack, ensuring a unified and efficient operational framework.

****Documentation and Support:**** You will be responsible for maintaining comprehensive documentation for all systems, processes, and solutions you develop, serving as a valuable resource for the team. Additionally, you will provide expert training and support to users, empowering them to leverage Zoho applications to their full potential.

****Continuous Improvement:**** With a keen eye on the evolving landscape of Zoho technologies, you will continuously explore and implement new features and improvements. Your commitment to innovation will drive the ongoing enhancement of our systems and processes, ensuring Estrella Jewels LLP remains at the forefront of the jewelry industry's digital frontier.

****Join Us:****

Embark on a rewarding journey with Estrella Jewels LLP, where your work will not only shape the future of our digital capabilities but also redefine the luxury jewelry experience for our

esteemed clientele. Your contributions will be instrumental in sustaining our legacy of excellence and innovation, making this an exceptional opportunity to advance your career and make a significant impact in the industry.

Requirements

Requirements:-

As we seek to fortify our team with a Zoho One Developer, Estrella Jewels LLP places a high value on specific qualifications and skills that are essential for the role. The ideal candidate will bring a wealth of knowledge and expertise in Zoho applications, along with a proven track record of developing solutions that enhance business processes. Below are the detailed requirements for the position:

Proven Experience: Applicants should have a solid background in Zoho development, demonstrated by a portfolio of projects that have successfully leveraged Zoho applications to solve business problems. Experience in a similar role, where you've shown an ability to customize, integrate, and optimize Zoho solutions, is crucial.

Zoho Architecture and Suite Mastery: A deep understanding of the Zoho ecosystem, including its architecture and the suite of applications (such as Zoho CRM, Zoho Books, Zoho Inventory, and Zoho Desk), is essential. Candidates should be adept at harnessing the full potential of these tools to drive business efficiency and growth.

Zoho Creator Expertise: Special consideration will be given to candidates with experience in Zoho Creator for custom application development. This skill is highly desirable as it indicates an ability to create tailored solutions that can significantly enhance operational capabilities.

Programming Proficiency: A strong foundation in programming languages is required, particularly in Deluge scripting, which is native to the Zoho platform. Proficiency in other programming languages such as Java or Python is also advantageous, as it demonstrates versatility and the ability to adapt to various technological needs.

Analytical Problem-Solving:Excellent problem-solving skills, coupled with the ability to think analytically, are vital. The role demands innovative solutions to complex challenges, requiring a methodical and insightful approach to development and integration tasks.

Communication and Teamwork:-Effective communication and robust teamwork skills are non-negotiable. The ideal candidate will be proficient in collaborating with both technical and non-technical team members, ensuring clear understanding and execution of project requirements and goals.

Educational Background:A Bachelor's degree in Computer Science, Information Technology, or a related field is required. This academic foundation supports the technical expertise and theoretical knowledge necessary to excel in this role.

Joining Estrella Jewels LLP means becoming part of a team dedicated to excellence and innovation. If you meet these requirements and are passionate about leveraging technology to transform the luxury jewelry experience, we encourage you to apply. Your skills and expertise could play a pivotal role in driving Estrella Jewels LLP's success in the digital age.

Benefits

What We Offer:-

Joining the team at Estrella Jewels LLP as a Zoho One Developer means more than just working on exciting projects in the luxury jewelry industry. We are deeply committed to the well-being and growth of our employees, understanding that our success is a direct reflection of the talent and dedication of our team. Here is a detailed look at what we offer:

Competitive Salary and Benefits Package:-We offer a highly competitive salary and benefits package that recognizes your expertise, experience, and contribution to our company. Our comprehensive benefits include health insurance, dental and vision coverage, a retirement savings plan, and paid time off, among others. We ensure that our

compensation package is attractive and aligns with the high standards of the luxury market and tech industry.

Opportunities for Professional Growth and Development At Estrella Jewels LLP, we believe in the continuous professional development of our employees. We provide a range of opportunities for growth, including access to advanced training programs, workshops, and seminars relevant to your role and the broader industry. We support career advancement within the company, encouraging our team members to take on new challenges and responsibilities to further their careers.

A Collaborative and Supportive Work Environment Our work culture is built on collaboration, respect, and mutual support. We operate in a team-oriented environment where creativity and innovation are encouraged. Our leadership is approachable and committed to supporting team members in achieving their personal and professional goals. We value diversity and inclusivity, ensuring every voice is heard and respected.

Remote Work Flexibility Recognizing the importance of work-life balance and the effectiveness of remote work, Estrella Jewels LLP offers flexible remote work options. This flexibility allows you to create a work schedule that suits your lifestyle while maintaining productivity and engagement with your team. Whether you're working from home or in the office, we strive to provide the tools and support needed to ensure seamless collaboration and communication.

At Estrella Jewels LLP, we are passionate about creating an environment where our employees can thrive. We believe that by offering a competitive salary, comprehensive benefits, opportunities for growth, and a supportive work culture, we can attract and retain the brightest talents in the industry. Join us, and be a part of a team that is setting new standards in luxury jewelry and technology innovation.
